Tallahassee, FL 32303

Subject: Ethics Complaint regarding the Proposed West Palm Beach Marina Project

Dear Florida Commission on Ethics,

I, [Your Name], a resident of West Palm Beach, am writing to express serious concern regarding the recent proposed marina on the downtown waterfront. I along with numerous fellow citizens have significant reservations about the apparent lack of transparency and possible violations of Florida's ethics laws in relation to this proposal.

Specifically, we believe the following sections of Florida Statutes Chapter 112 may have been violated:

1. **Section 112.313(6)** - This statute prohibits public officers or employees from using their official position or any property or resource which may be within their trust to secure a special privilege, benefit, or exemption for themselves or others. We suspect this may have occurred in the negotiation and proposal of the marina project and request an investigation into potential misappropriation or embezzlement of public funds.
2. **Section 112.313(8)** - This statute prohibits public officers and employees from disclosing or using information not available to the public and gained by reason of their official position for the personal gain or benefit of themselves or any other person or business entity. We are concerned that this statute may have been violated in the process of developing and proposing the marina project.
3. **Chapter 112 in general** - Although not explicitly stated within the chapter, the alleged actions surrounding the marina project may constitute a conspiracy to misappropriate public funds. We request an investigation into whether there has been any collaboration among public officers or employees to misuse public funds or resources for personal benefit.

We understand the gravity of these allegations and do not make them lightly. We believe that our concerns warrant a thorough and transparent examination to ensure that ethical and legal standards have been upheld in the planning and proposal of the marina project.

We kindly request the Commission's prompt attention to this matter. Please do not hesitate to contact me at the above phone number or email address if further information is required.

Sincerely,
[Your Name]
